## 01 · ABOUT THE GROUP

## A TRUSTED NAME IN STONE CRUSHING AND MATERIAL PROCESSING.

Golden Stone Crusher is a trusted name in the stone crushing and material processing industry. We specialize in delivering high-quality aggregates and efficient crushing solutions for construction and infrastructure projects.

With a strong focus on reliability, quality and innovation, we aim to support our clients with end-to-end services – from sourcing raw stone at site, to processing, grading and final delivery. Our work spans large infrastructure programmes, civil contractors and private developers.

Beyond manufacturing, we share what we've built: renting our equipment, advising new plant owners, and forming long-term partnerships across the industry.

// COMPANY CARD	
GROUP	GOLDEN STONE CRUSHER
OWNER	MR. VICKY SHINDE
INDUSTRY	STONE CRUSHING
FOCUS	AGGREGATES & PLANTS
SERVICES	FIVE LINES
REACH	PAN-MAHARASHTRA

## // 01

### STONE CRUSHING

Aggregate production from raw stone – primary, secondary and tertiary crushing in one chain.

## // 02

### MATERIAL PROCESSING

Turning raw stones into usable construction materials at controlled, repeatable grades.

## // 03

### PROJECT SUPPLY

Supplying high-quality crushed materials at scale for infrastructure and building projects.

## 02 · OUR SERVICES

## FIVE SERVICE LINES, ONE OPERATING CHAIN.

From extracting raw stone to handing over the keys to a brand-new plant – Golden Stone Crusher operates the entire value chain in-house.

<b>I. STONE CRUSHING &amp; PROCESSING</b>	The core of our operation – sourcing raw stone, crushing and screening it through staged equipment, and supplying final graded material to site. <ul style="list-style-type: none"> <li>Raw stone sourcing</li> <li>Crushing &amp; screening</li> <li>Final material supply</li> <li>Size-graded output</li> </ul>
<b>II. MACHINERY RENTAL</b>	When you don't want to buy outright. Well-maintained crushers, excavators and loaders available on flexible rental terms with technical support. <ul style="list-style-type: none"> <li>Crushers</li> <li>Excavators</li> <li>Loaders</li> <li>Flexible rental plans</li> </ul>
<b>III. DEBRIS &amp; WASTE MANAGEMENT</b>	Proper handling and disposal of crushing debris, with recycling and reuse where the material allows. Environmentally safe across every site. <ul style="list-style-type: none"> <li>Safe disposal</li> <li>Recycling practices</li> <li>Eco-friendly approach</li> <li>Site clean-up</li> </ul>
<b>IV. PLANT CONSULTATION</b>	Setting up your own crusher plant? We bring 16+ years of operating experience to your site – from evaluation to operational handover. <ul style="list-style-type: none"> <li>Site evaluation</li> <li>Machinery selection</li> <li>Process planning</li> <li>Operational guidance</li> </ul>
<b>V. PARTNERSHIP OPPORTUNITIES</b>	Joint ventures, project-based partnerships and long-term business associations – built around shared risk, shared upside and shared standards. <ul style="list-style-type: none"> <li>Joint ventures</li> <li>Project partnerships</li> <li>Long-term associations</li> <li>Business collaboration</li> </ul>

## 03 · OUR MACHINERY

## BUILT FOR HEAVY LOAD, MAINTAINED FOR UPTIME.

A full crushing chain in-house – from primary jaw crushers down to fine screening, with material movement equipment to keep the line fed.

<b>// 01 PRIMARY CRUSHERS</b> First-stage breakdown of raw quarry stone into manageable feed.	<b>// 02 SECONDARY CRUSHERS</b> Second-stage reduction to project-ready aggregate sizes.	<b>// 03 TERTIARY CRUSHERS</b> Fine crushing for sand and high-spec aggregate output.	<b>// 04 SCREENING &amp; GRADING</b> Sorting by size and quality – consistent, certified grades.	<b>// 05 LOADERS &amp; CONVEYORS</b> Excavators, wheel loaders and conveyor lines keep material moving.
--	---	--	---	--

## 04 · HOW WE WORK

## FROM SITE, TO SPEC, TO SITE AGAIN.

A six-step chain we run on every project – and the same chain we'll help you set up if you're building your own plant.

<b>// Step 01 SITE VISIT</b> We source stone directly from reliable sites, or visit your stone site.	<b>// Step 02 TRANSPORT</b> Material transported from site to our plant, end-to-end logistics.	<b>// Step 03 CRUSHING</b> Raw material processed through primary, secondary and tertiary crushers.	<b>// Step 04 SCREENING</b> Grading by size and quality on calibrated screening machines.	<b>// Step 05 QUALITY TEST</b> Material strength, size accuracy and output consistency verified.	<b>// Step 06 DELIVERY</b> Final graded product delivered to site, on the timeline you need.
---	---	--	--	---	---

## 05 · QUALITY ASSURANCE

## TESTED, GRADED, CERTIFIED.

Quality control isn't a final-stage check – it runs alongside the crushing line, from raw feed inspection to final output.

<b>i. MATERIAL STRENGTH &amp; DURABILITY</b> Strength checks on every batch of finished aggregate.
<b>ii. SIZE &amp; GRADING ACCURACY</b> Calibrated screening with sample verification per shift.
<b>iii. CONSISTENCY IN OUTPUT</b> Repeatable grades, batch after batch – no project surprises.
<b>iv. MACHINERY INSPECTION</b> Regular maintenance and inspection of every machine in the chain.

**DELIVERING QUALITY PRODUCTS, MAINTAINING TRANSPARENCY AND TRUST, AND SUPPORTING CLIENTS AT EVERY STAGE – THAT'S THE GOLDEN STONE CRUSHER COMMITMENT.**

– MR. VICKY SHINDE, OWNER

## 06 · OUR COMMITMENT

## FOUR PROMISES WE OPERATE BY.

The things we will not compromise on, regardless of project size, timeline or client.

<b>// 01 QUALITY PRODUCTS</b> Every output – graded, tested, repeatable.	<b>// 02 TRANSPARENCY &amp; TRUST</b> Honest paperwork, honest pricing, honest timelines.	<b>// 03 CLIENT SUPPORT</b> From first quote to final delivery, we stay close.	<b>// 04 STRONG PARTNERSHIPS</b> Growing through long-term associations, not one-off jobs.
---	--	---	---

## 07 · GET IN TOUCH

## HAVE A SITE, A PROJECT, OR A PLANT TO BUILD?

Whether you need crushed aggregate, machinery on rent, advice on setting up a plant, or a long-term partner – start the conversation.
